About Our School

SISU School, guided by the expertise of CCE Finland, stands as a premier institution in Finland. Our dedication to excellence and a child-centered approach fosters a joyful adventure for young learners.

Built upon the Finnish Curriculum, our K-12 schools operate on four principles: Seeking Knowledge, Igniting Imagination, Sharing and Sustaining, and Unlocking Potential. These principles encourage curiosity, creativity, collaboration, and personalized growth.

SISU School is a commitment to transformative education. Together, we aim to create diverse learning environments that empower students to become lifelong learners, critical thinkers, and responsible global citizens. This connection isn't just about expertise; it's a dedication to unlocking and celebrating every child's unique potential.

- Books
- User Guide - Teacher Material with worksheets
- Monthly Planner Assistance
- Guidance on how to use the box activities and integrating the exciting learning space

SISU Box Finnish Preschool in a Box

SISU Box: Finnish Preschool in a Box (TM) is a research-based toolkit with teaching aids and games for teachers and parents to make early years learning fun and play-based.

It represents an innovative and research-based tool-kit designed to revolutionize teaching and learning in preschools and kindergartens. Inspired by the Finnish social innovation of the Maternity box (Äitiyspakkaus), the SISU Preschool Box is a comprehensive solution aimed at assisting educators and practitioners in crafting effective pedagogical practices.

This unique box is more than just a collection of games, toys, curriculum, and educational apps; it's a holistic approach to early childhood education. With a mission to foster all-encompassing learning experiences, the SISU Box promotes the development of personal and social skills, emotional intelligence, linguistic and cognitive abilities, physical aptitude, aesthetic and expressive skills, mathematical and language literacy, as well as environmental intelligence in children.

Recognized for its excellence, the SISU Box has been awarded the "Design from Finland" certification and is celebrated by the ASSOCIATION OF FINNISH WORK for its outstanding design. This groundbreaking product stands as a testament to CCE Finland's commitment to advancing education globally.

Our Curriculum

Our meticulously curated curriculum artfully combines the benefits of play-based learning and structured activities, culminating in a holistic and enriching educational experience for each child."

Language Development

Storytelling, reading, and vocabulary building activities to enhance language skills.

Mathematics

Introduction to numbers, shapes, and basic mathematical concepts through fun and interactive games.

Science

Hands-on exploration of the natural world, fostering curiosity and a love for learning.

Creativity

Creative expression through arts and crafts or any medium, encouraging imagination and fine motor skills.

Social Emotional Learning

Group play, sharing, and cooperation activities to develop social skills and emotional intelligence.
